SUBJECT INDEX

Abus of children, screening for, 31
 Acoustical analysis of maternal sounds during labor, 8
 Adolescents, suicidal, art intervention with, 111
 Aging
 cholesterol screening in, 119
 hardiness and depression in institutionalized elderly, 89
 humor use in, 146
 metamemory in, 28
 pain assessment in, 39
 and satisfaction with nursing center care, 125
 and sentence writing of older adults, 169
 AIDS, hardiness and social support in, 132
 Alcohol abuse, and impaired nurse coworkers, 154
 Analgesics, narcotic, postoperative administration of, 106
Applied Nursing Research included in *Index Medicus*, 105
 Art intervention with suicidal adolescents, 111

Bipolar disorder, and content analysis in group psychotherapy, 19
 Bonding, and maternal-infant attachment after early contact, 161
 Brain injury, cognitive assessment in, 167
 Breast cancer screening in rural areas, 71

Cancer
 and predictors of coping strategies in chemotherapy, 2
 screening for breast cancer in rural areas, 71
 Chemotherapy, predictors of coping strategies in, 2
 Chest pain reporting after myocardial infarction, 13
 Child abuse, screening for, 31
 Cholesterol screening of older persons, 119
 Cognitive assessment
 in brain injury, 167
 and metamemory in older adults, 28
 sentence writing in, 169
 Coping strategies
 assessment in older adults, 28
 in chemotherapy, predictors of, 2
 in multiple sclerosis, 54
 and spouse perceptions of discharge readiness after cardiac surgery, 80
 Costs of research, reduction of indirect expenses in, 92

Depression
 and art intervention with suicidal adolescents, 111
 assessment in older adults, 28

and group psychotherapy in bipolar disorder, 19
 and hardiness in institutionalized elderly, 89
 Discharge planning, and spouse perceptions of discharge readiness after cardiac surgery, 80
 Drug abuse, and impaired nurse coworkers, 154

Editorials, 1, 53, 105, 145
 Ethical issues in encounters with impaired nurse coworkers, 154

Falling, risk of, after transfer from intensive care unit, 135
 Families
 maternal-infant attachment after early contact, 161
 screening for child abuse, 31
 spouse perceptions of discharge readiness after cardiac surgery, 80

Group psychotherapy in bipolar disorder, content analysis in, 19

Hardiness
 and depression in institutionalized elderly, 189
 and social support in HIV infection, 132
 Health care
 and cholesterol screening of older persons, 119
 reform in, 53
 satisfaction with nursing center services, 125
 Heart disease
 and reporting of pain after infarction, 13
 surgery in, and spouse perceptions of discharge readiness, 80
 HIV infection, hardiness and social support in, 132
 Humor used by older persons, 146

Impaired nurse coworkers, encounters with, 154
 Intensive care units, risk for falls after transfer from, 135
 International aspects of nursing, 145

Labor, maternal sounds in, 8
 Language of older persons
 humor in, 146
 in sentence writing for mental status test, 169

Long-term care, and hardiness and depression in institutionalized elderly, 89

Memory in older adults, 28

Mental status

- and cognitive assessment in brain injury, 167
- and metamemory in older adults, 28
- and sentence writing by older adults, 169

Metamemory in older adults, 28

Multiple sclerosis, coping behavior in, 54

Myocardial infarction, reporting of pain after, 13

Naming, as issue for professional nursing, 1

Narcotic analgesics, postoperative administration of, 106

Nursing centers, satisfaction with care services in, 125

Nursing practice

- art intervention with suicidal adolescents, 111
- concept of named nurse in, 1
- pain assessment in elderly persons, 39
- postoperative narcotic analgesic administration, 106
- and rural recruitment strategies, 64
- screening for child abuse, 31

Pacifier for low-birth-weight infants, evaluation of, 172

Pain

- assessment in elderly persons, 39
- postoperative narcotic analgesics in, 106
- reporting after myocardial infarction, 13

Parents

- maternal-infant attachment after early contact, 161
- screening for child abuse, 31

Patients

- cognitive assessment in brain injury, 167
- coping strategies in chemotherapy, 2
- in group psychotherapy for bipolar disorder, 19
- maternal sounds during labor, 8
- metamemory in older adults, 28
- pain assessment in elderly persons, 39
- reporting of pain after myocardial infarction, 13
- satisfaction with nursing center services, 125

Postoperative period

- narcotic analgesics in, 106
- and spouse perceptions of discharge readiness after cardiac surgery, 80

Pregnancy, and maternal sounds during labor, 8

Psychotherapy for inpatient groups with bipolar disorder, 19

Reading of research reports, advice on, 177

Recruitment of nurses in rural practice settings, 64

Rehabilitation, and cognitive assessment in brain injury, 167

Research

- agency access to targeted population in, 178
- data management for surveys in, 142
- international aspects of, 145
- organizational support for, 103
- reduction of indirect costs in, 92
- reports on, advice for reading of, 177
- response rate to mail surveys in, 137
- strategies for promotion of, 97
- triangulation in, 47

Rural areas

- recruitment of nurses in, 64
- screening for breast cancer in, 71

Screening

- for acute cognitive disorders, 169
- for breast cancer in rural areas, 71
- for child abuse, 31
- for cholesterol levels in older persons, 119

Self-efficacy assessment in older adults, 28

Self-esteem

- and art intervention with suicidal adolescents, 111
- and coping behavior in multiple sclerosis, 54

Sentence writing by older adults, in mental status testing, 169

Social support

- and coping behavior in multiple sclerosis, 54
- and hardiness in HIV infection, 132
- and spouse perceptions of discharge readiness after cardiac surgery, 80

Sounds made by women during labor, acoustical analysis of, 8

Suicidal adolescents, art intervention with, 111

Technology assessment in evaluation of pacifier for low-birth-weight infants, 172

Traumatic brain injury, cognitive assessment in, 167

Triangulation in nursing research, 47
